

Please do not replace K-Love with an LPFM broadcaster in my area. I love listening to this positive station on my lengthy commute to & from work. The Christian music I hear plays in my head all day long and I firmly believe K-Love makes a difference in my day as a result. Many other people are sure to agree with me, and we do not want K-Love to be taken off the air. As a financial supporter of K-Love, I respectfully request that the station not be replaced with another broadcaster. Our cities of the Chicago area obviously agree or we would not be hearing K-Love at this time, since it is a listener-supported station. The public's best interest is to keep the positive message of K-Love coming through the radio waves 24/7. Any and all positive messages we hear can only enhance the lives of those who faithfully listen and those who by chance tune in. Our communities would be at a loss without K-Love, and I want my young children who travel with me to continue to hear Mommy sing the songs that she has up to this point. Thank you for your consideration of this very important topic. Nicole Torres - Montgomery, IL
